

Master Minds

ENTERING GRADE 4

Math Masters → Experience the marvels of mathematics through games, songs and hands-on exploration. Reinforce the skills needed for math success: number sense, decimals and measurement. Students will learn how entertaining math can be!

Reading Pros → Sharpen your comprehension and fluency skills through reading various types of literature. This course will be filled with exciting projects and activities that will reinforce your skills set and prepare them for the upcoming school year!

Write Track → Have your children ever struggled to begin a writing assignment? Are they unsure of where to start or how to formulate their ideas? This program will provide young writers with systematic, developmental, and cooperative strategies for writing in all subject areas. Students will be amazed at their progress and enjoyment with their deeper understanding of the ingredients needed for a successful writing piece.

Session Dates

- 1 JUNE 16-27
 - 2 JUNE 30-JULY 11
 - 3 JULY 14-25
- (2 weeks)

Session Hours
