

Math/Reading Plus

ENTERING GRADE 3

Math Mania → Enjoy the marvels of mathematics through games, songs and hands-on exploration. Reinforce the skills needed for math success: number sense, decimals and measurement. Students will learn how entertaining math can be!

Read Between the Lines → Through exposure to a variety of different genres of literature students will develop a new outlook on reading. This offering will be filled with exciting resources to help students continue their new-found love of reading.

Write Track → Have your children ever struggled to begin a writing assignment? Are they unsure of where to start or how to formulate their ideas? This program will provide young writers with systematic, developmental, and cooperative strategies for writing in all subject areas. Students will be amazed at their progress and enjoyment because they will have a deeper understanding of the ingredients needed for a successful writing piece.
